School Performance Plan: A Roadmap to Success

Doris Hancock ES has established its School Performance Plan for the 2022-2023 school year. This plan was developed by the school's continuous improvement (CI) team and informed by a comprehensive needs assessment that included data analysis and meaningful engagement with the school community. It includes the school's goals and process developed during Act 1. The CI team will monitor implementation throughout the school year and evaluate and update the goals at the end of the year.

School Demographics and Performance Information

In compliance with federal and state law, Nevada's K-12 Accountability Portal provides detailed information about each school's student and staff demographics and school performance rating, a star rating system based on the Nevada School Performance Framework (NSPF). You can find our School Rating report at http://nevadareportcard.nv.gov/DI/nv/clark/doris_hancock_elementary_school/2022/nspf/.

Inquiry Area 1 - Student Success

Part A

Student Success			
	Student Performance	Social and Emotional Learning	Access to Rigorous Texts and Tasks
	MAP Data, SBAC Data, NSPF Report	Panorama and Parent Survey Results	Data from Instructional Rounds 9/19/22, 10/11/22, & 10/12/22
Data Reviewed	<p><i>Areas of Strength: Hancock ES has maintained a very low staff turnover rate. Students also achieved significant growth on the Nevada State Performance Framework (NSPF) specifically in the Growth and Closing Opportunity Gaps Indicators. The 2021-22 school median for Math MGP is 59% and ELA MGP is 54% (an increase from 32% for Math MGP and 37% for ELA MGP in 2018-19). The 2021-22 school rate for Met Math AGP Target is 43.3% and Met ELA AGP Target is 52.8% (an increase from 16% for Met Math AGP Target and 34.6% for Met ELA AGP Target). The percentage of prior non-proficient students who met math AGP target increased from 7.5% in 2018-19 to 35.6% in 2021-22 and the percentage of prior non-proficient students who met reading AGP target increased from 22.6% in 2018-19 to 45.4% in 2021-22.</i></p>		
	<p><i>Areas for Growth: Increase the percentage of students not at risk and increase the percentage of students achieving proficiency.</i></p>		
Problem Statement	<p><i>There is a significant percentage of students (59% in ELA and 64% in Math) schoolwide who are at risk (at or below the 40%) as identified on the Fall MAP assessment.</i></p>		
Critical Root Causes	<p><i>Small-group instruction was not consistently provided or attended.</i></p>
